

Centrifugal Nickel Screens

Heanjia Super-Metals is a leading producer and exporter of Nickel screens for use in Centrifugal machines in sugar mills and refineries across the globe. These screens are made as per ASTM, ANSI and ISO standards ensuring their reliable performance in the internationally designed machines.

The corrosion resistant nickel screens provide ideal performance in the alkaline and caustic media. These are also abrasion resistant.

Our centrifugal screens are manufactured by a team of highly experienced engineers with our in-house precise and advanced manufacturing units. The quality parameters are strictly followed and precisely maintained at every level of production.

Centrifugal Nickel Screen Specification

Wires per inch	Max size	Space	Wire	Max trans
1500	6 x 6	0.00044	0.00022	18
2000	6 x 6	0.0003	0.0002	36
181	11 x 11	0.00403	0.0015	53.1
117.6	11 x 11	0.008	0.0005	88.6
20	4.5 x 4.5	0.04796	0.00204	92
40	11 x 11	0.022	0.003	78
83	11 x 11	0.01014	0.0019	70.9
